Inventor : Mitterer, et al.
Title : METHOD FOR PURIFYING FACTOR VIII/
VWF COMPANY BY CATION-EXCHANGE
CHROMATOGRAPHY

Re: Request for Certificate of Correction

Consideration has been given your request for the issuance of a certificate of correction for the above-identified patent under the provisions of Rules 1.322 and 1.323.

Respecting the alleged error, on the title page item (54), it is the practice to exclude words such as "Improvements in", "New", "A", "Novel", etc., from the printed patent. Therefore, no correction(s) is in order here under United States Codes (U.S.C.) 224 or 255 and the Code of Federal Regulation (C.F.R.) 1.322 or 1.323).

In view of the foregoing your request is hereby denied.

However, your attention is directed to C.F.R. 1.324, wherein a request is being made to add or delete inventor(s), after issuance of the patent, which a decision is rendered on, by the Supervisory Patent Examiner.
